**Subject:** EPA Environmental Justice Collaborative Problem-Solving Cooperative Agreement Program

Hi Kelly,

Thank you for all your help in recent weeks. I have another request. Alicia, Brian and Jevon are pulling together an application for the EPA Environmental Justice Collaborative Problem-Solving Cooperative Agreement Program. Their program focuses on climate resilience, green spaces and pollution exposure in north Denver. Specifically, they are looking to green areas along the north and south of I-70 in Globeville and Elyria-Swansea. This area is owned by CDOT. They are hoping to connect with the right person in CDOT to get a letter of support for their application. Would you be able to connect them to the right person and do a warm handoff? We in Denver believe these connections between community based organizations and government are critical move the needle on environmental justice. Thanks for your help!

Best,  
Liz
